# Sayyid Al-Hakeem: Serving, Communicating with People Foundation for Real Impact

His Eminence Sayyid Al-Hakeem, Head of the National State Powers' Alliance and Leader of Al-Hikma National Movement, met with a gathering of the organizational leaders of Al-Hikma National Movement in Najaf Al-Ashraf Governorate, valuing their role in championing the project of Shaheed Al-Mihrab, Al-Marjaiyah Ambassador, and Aziz Al-Iraq (may Allah sanctify their souls), considering it a mission-driven project, and calling for emulating the Messenger of Allah (PBUH) in his approach, patience, struggle, and endurance of campaigns of targeting, smearing, and attacks on his project.

H.E. explained the nature of the link between being targeted and having impact: the more influential someone is, the more targeted they become, an equation from which no one is exempt.

H.E. called for believing in the Al-Hikma project, getting to know it, adhering to it, and introducing it to others, stressing the open declaration of the Movement's identity and making it a source of pride and honor, and affirming the importance of moving from the stage of expansion to the stage of impact, each according to capabilities and the commitment imposed on oneself toward the project.

H.E. described the effective leader as one capable of mobilizing the capabilities of the team and bringing out the best in its members, calling for distinguishing, when facing objections, between those who are confused and those with agendas, explaining that most of those who were confused had been victims of targeting and misinformation campaigns, and stressing service to people and communication with them.
